Join your neighbors to help shape the Tenderloin Community Action Plan!

A neighborhood-driven collaboration between residents, community organizations, businesses, and City agencies, the Plan will develop a collective vision and identify priorities for the neighborhood's future by the community – that means you!

This is an opportunity to engage in a conversation about your top priorities for the neighborhood's housing access, open space, health and wellness, mobility, economic opportunity, arts and culture, environmental justice, and quality of life.
