Hi Evamarie,

LOD REQUEST WITHDRAWN

I talked to Jeff about the property, would it be possible to withdrawal my request for a reimbursement?

Best,

Scott

Letter of Determination
2859 Mission Street

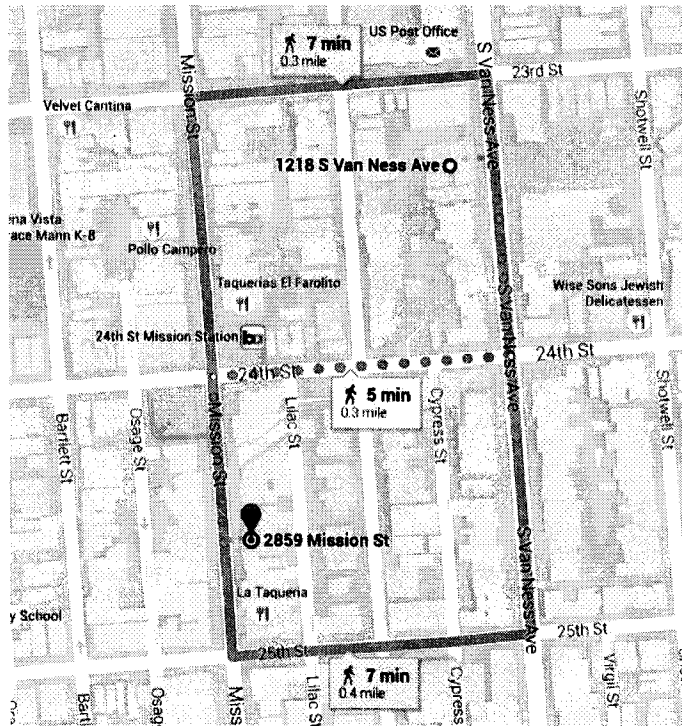

Dear Mr. Sanchez,

I am writing you to request a letter of determination for opening a Medical Cannabis Dispensary at 2859 Mission Street in San Francisco; Block #6517; Lot #026; Zoning NCT.

Per the Schools Map provided by the SF Planning Department website, there is one school (Sand Paths Academy) within a 1,000 foot radius of the location, but the actual minimum walking distance between the two properties is approximately 1,286 feet. The other two optional walking routes result in even greater distances.

To the best of my knowledge, there aren't any other existing operations in the surrounding area that would put our dispensary at risk of violation.

Included below is a screen shot of Google Maps showing the approximate walking distances from Sand Paths Academy and 2859 Mission Street. I hope you find it helpful in making your evaluation.

Sincerely,

Scott Lockwood
